

Praxis Claims Consulting, LLC

Product Delivery

All narrative and data captured can be provided in either spreadsheet or document form for the client's ease of analysis, editing and presentation.

We can deliver the final audit report by:

- Hard copy booklets with exhibits
- CD ROM with documents, spreadsheets and PDF files
- E-mail with attachments
- FTP website retrieval

We capture all pertinent information specific to the handling of files reviewed in a database and present it to the client in a manner that facilitates the focus on any identified positive or negative trends. The first draft of the audit report is delivered to the client within 10 business days of the wrap-up meeting.

Praxis can also offer the following services to Captives, TPA's, MGA's or insurers/re-insurers:

- Claim Management Oversight
- Bodily Injury Evaluation Training
- Litigation Management Training
- Captive Layer Management
- Underwriting Compliance audits
- TPA Due Diligence Reviews
- Reserve Audits
- Litigation Management Audits

If resources are an issue, Praxis can assume the management and oversight of a program whether in runoff or currently writing business.

We can also assist our clients in conducting their own audits by supplementing their staff with the needed qualified personnel.

Praxis Claims Consulting, LLC

Praxis Claims Consulting is a commercial and personal lines claims consulting firm. We specialize in claims audits for insurers, reinsurers, captives, self-insured retention groups, fronting companies and Lloyd's Underwriters, with our auditing focus on TPA's, law firms insurance company staff or Lloyd's Coverholders.

Our claim management and technical staff possess many years of experience in personal and commercial lines claims handling and management. All of our staff members have held senior positions at either U.S. based or UK insurers, or reinsurers.

Many of our staff have achieved insurance specific or legal designations and have dealt with all aspects and disciplines within the industry, thus allowing us to approach our assignments with a balanced, learned and global approach.

We conduct claims audits of:

- General Liability
- Commercial/Personal Auto Liability
- Auto Physical Damage
- Commercial Livery
- Trucking & Transportation
- Medical Malpractice
- Restaurant & Hospitality
- Habitational
- Automobile Dealers
- Attorney's Errors & Omissions
- Real Estate Errors & Omissions
- Railroad
- Construction Defect
- Sports & Entertainment
- Public Entities
- Professional Malpractice
- Pest Control
- Workers Compensation
- Commercial and Personal Lines Property Exposures

We measure industry and client specific best practices for potential impact on the outcome of each case, including but not limited to:

- Loss reserve analysis
- Coverage
- Liability analysis
- Investigation
- File documentation
- Litigation Management
- Venue
- Potential contribution or recovery
- Negotiation & resolution

Collateral Reviews:

We document all paid and reserve positions and can provide our suggested ultimate settlement value calculated against the current financial incurred to highlight reserve inadequacy or redundancy. We can provide needed individual case analysis to support increases or decreases in required collateral for program business.

Praxis will price audits to suit the clients' needs.

Although we generally charge an hourly rate for audit database preparation, file selection, on-site administrative fact finding, file auditing, travel and report writing, we can tailor the scope and cost of an audit to fit within a budget.
